

# SNACKS

Cancer treatment can be a long process. As a way to help visitors recharge between appointments and treatments, our dedicated volunteers push a snack cart to each floor throughout the day. This service is complimentary to our patients and is made possible by generous community donations.

Popular food items include:

- Wrapped peanut butter crackers
- Wrapped cheese crackers
- Snack size potato chips
- Snack size cookies
- Fruit snacks
- Granola bars
- Breakfast bars
- Individual pudding cups
- Individual applesauce cups
- Individually wrapped peppermints
- Plastic cutlery such as knives, forks, and spoons are also greatly appreciated

*For the health and safety of our patients, all donated items must be pre-packaged, individually.*

Please contact our Patient Resources and Volunteer Coordinator if you would like to snacks to our Volunteer Program or you may fill out an online form.
